

HUNTINGTON'S MISSION.

The Railroad Magnate at the National Capital.

WASHINGTON, Dec. 26.—C. P. Huntington is in the city. It is the purpose of the people interested in the Central Pacific Railroad Company to secure consideration for a measure adjusting in some way the indebtedness of that corporation to the Government. The friends of the Union Pacific have been here since Congress convened endeavoring to secure consideration for the Funding bill in relation to that road. They have not as yet succeeded in having that bill called up at this session in either branch of Congress. It is probable that Mr. Huntington desires a measure adjusting the indebtedness of the Central Pacific to be considered at the same time that Congress considers the question of the settlement of the indebtedness of the Union Pacific. The prospects for the consideration of such a measure at this session of Congress are not very bright.

EDISON'S AMBITION.

The Wonderful Cheapening of Electricity He Hopes For.

AKRON, (O.), December 26.—Thomas A. Edison spent Christmas with his father-in-law, Louis Miller, of this city. In an interview to day he said he was now working on an invention whereby electricity would be produced direct from coal, dispensing entirely with boilers, engines, dynamos, etc., now required. Besides, he said, he would use nearly the entire heat units of the coal, instead of only about five per cent, as is done by the present system of burning.

The Virginia Chronicle states that "the report that Frank Newlands is going to shy his sack into the ring and enter the lists for United States Senator in 1890 has created considerable excitement among the sell-out element in the State. If the report should prove true (of which there is little probability) we may expect a repetition of the scenes of 1880 on the Comstock, when, during the Fair candidacy, an old-time Democrat had to fight his way through a crowd of Republicans to get a torch to carry in a Democratic procession."

The recount for Mayor of San Francisco, instituted by C. C. O'Donnell, the Independent candidate for that office, is completed, and resulted in a gain to O'Donnell of 550 votes. Although the result of the recount is very far from showing that O'Donnell was elected, he intends to take legal steps to have the election of Mayor Pond set aside on the ground of fraud during the election.

Notice has been given to the Superintendent of the Southern Pacific Company's repair shops that all men not actually required for the repairing work of the company should be dismissed from service on January 1st. This means the discharge of over 200 men, which will make the total of dismissals for the whole month over 1,000.

H. Z. Osbourne, editor and principal proprietor of the Evening Express, at Los Angeles, is the latest applicant for the office of Public Printer under Harrison. The Journal would very much like to see a Pacific Coast man secure the position, and knows of no better man for the place than Osbourne.

The rainfall throughout California to the present time has been considerably in excess of the average rainfall for the first two months of the rainy season, and is largely in excess of the total rainfall of last year for the same period.

As matters look now, Senator Allison will be our next Secretary of the Treasury, and, with Senator Stewart as Secretary of Interior, what more could the Pacific coast desire?—Gazette.

We should be willing to give the others the balance of the earth.

Oliver T. Morton, who is reported as wanting the Swedish Ministry, says that, following the advice of his father, he will keep out of position under the Administration.

It is semi-officially stated that ex-Governor Porter will get the Berlin or Paris mission.

To whom it may concern—there are only three days more of leap year.

Eastern blizzards are all the rage East.

The San Francisco Bulletin says: It is a pity that an informality should defeat the attempt of Nevada to cut down by a Constitutional amendment her ridiculously extravagant list of State officers. She has to govern her 35,000 or 40,000 inhabitants all the official machinery of a State of two or three millions population, with a schedule of salaries equaled in few States in the Union.

EASTERN POULTRY.

Carloads of Turkeys, Geese, Ducks, Eggs and Butter Imported.

The Sacramento Record-Union remarks:

That this State has been filled up within the past three years much more rapidly than production has increased is evidenced by the amount of supplies which our dealers find it necessary to import from other States in order to supply the demand. Three years ago all the poultry, eggs and butter necessary for home consumption was raised here, and no one dreamed of sending East for it. Produce dealers say that now the home product does not begin to supply the demand, and if it were not for importations from the East prices would be very high. Some twenty carloads of dressed poultry, in cold storage, has arrived in San Francisco within the past few days, and Gregory Bros. & Co., of this city, have received three carloads of turkeys, geese and ducks during that time. Hundreds of carloads of eggs are being received each year from the Western States and serve to keep the prices within reach. They are worth now about thirty cents a dozen, while fresh California eggs bring forty.

The quantity of Oregon apples, and even potatoes and other vegetables from that State, which is consumed in our market is simply astonishing. Butter still commands a high price, notwithstanding the immense quantities that are being imported from the East. All this goes to prove that there is no danger of over-production here in a long time, and that the dairy, poultry and produce interests are in a flourishing condition.

Masonic.

The new officers of Reno Lodge, No. 13, F. & A. M., are W. L. Bechtel, W. M.; H. Werner, S. W.; Wm. Martin, J. W.; T. K. Hymers, Treasurer; S. M. Jamison, Secretary; C. A. Bragg, Marshal; L. L. Crockett, S. D.; Mr. Valincourt, J. D.

State Finances.

The Board of Examiners counted the money and vouchers for money in the State Treasury on the 28th, and found \$639,989 95 in coin, \$15,184 41 in vouchers, and \$814,000 in bonds in the School Fund.

Dwelling House Sold.

E. Dunning has sold his residence on Fifth street, near Ralston, to a man by the name of Rule, whose mother, son and daughter will occupy it on January 15th. Purchase price, \$2,500.

Drowned.

Old Frank Frey was found drowned in the creek near Chestnut street yesterday morning. He was drunk Thursday night and in going to his cabin fell off the bridge and perished.

The Genoa Courier, of yesterday, says:

"W. L. Cox went to Reno Wednesday to accept a position in the Postoffice at that place. Mr. Cox has been Deputy Postmaster, agent for Wells, Fargo & Co. and telegraph operator at Genoa for the past three years, and he is a competent and reliable young man. J. T. Williams will fill the position vacated by Mr. Cox for the time being."

OFFICIAL LAW BREAKERS.

The Silver State pertinently remarks: It appears that Nevada officials are a privileged class, who can violate the laws of the State without fear of punishment, or even the risk of having their misdeeds published, when discovered. Upon the flimsy pretext of saving the cost of advertising, the pampered pets in the State Capitol, nearly all of whom have their duties performed by deputies, whose salaries are paid by the taxpayers, have defeated the amendments of the Constitution, and according to the Carson Appeal, systematically violated the law requiring bids for contracts to be advertised. Men occupying exalted positions are permitted to shamefully violate the Act prohibiting drunkenness in office, and other officials, whose duty it is to enforce that law, wink at its offense, and in turn violate their official oath by not arresting the transgressors. Now, if officials are a privileged class, not amenable to the laws, the masses should know it, as it will not excite such unfavorable comment when it is generally understood that only ordinary mortals are accountable for violating the statutes of the State.

FRANK G. NEWLANDS.

No Truth in the Report That He Will Run for the Senate.

The San Francisco Post says:

The Examiner yesterday broadly hinted that Frank G. Newlands had bought a residence in Carson City, with the intention of contesting Senator Jones' return to the Senate. The fact is that Mr. Newlands has made Carson City his residence, because he has large interests in some mills along the Carson river, and also in the Challenge, Confidence and Yellow Jacket mines. A Post reporter made inquiry at Mr. Newlands' office yesterday. He was told that there was no truth in the article, and that Mr. Newlands had not the slightest intention of contesting Senator Jones' seat in the Senate.

Syrup of Fig

Is Nature's own true laxative. It is the most easily taken, and the most effective remedy known to cleanse the system when bilious or constive; to dislodge Headaches, Cold and Fevers; to Cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. Sold by Wm. Pinniger, Reno.

Picture moldings and curtain poles at Osburn & Shoemaker's.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-aw f-ly

When Baby was sick,  
We gave her Castoria.  
When she was a Child,  
She cried for Castoria.  
When she became Miss,  
She clung to Castoria.  
When she had Children,  
She gave them Castoria.

ROYAL BAKING POWDER Absolutely Pure.

This powder never varies. A marvel of purity, strength, and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. SOLD ONLY IN CANS. ROYAL BAKING POWDER CO., NEW YORK.

For Rent. House for rent. Enquire at the Palace Restaurant.

Shingles for Sale. First-class yellow pine shingles for sale at J. P. Foulke mill, west of Verdi, at \$1 75 per 1,000. Second class \$1 50 per 1,000.

Night Watchman. George W. Marshon, the regular and fully empowered Night Watchman of Reno, is prepared to watch business houses and private residences, etc., and wake parties in the morning. Best of patronage may be seen from the JOURNAL of Dec. 2d, 1892. dec2d

A SUPERIOR EDUCATION AT HOME.

THE STATE UNIVERSITY,

OF NEVADA, LOCATED AT RENO, OFFERS excellent opportunities to young men and young women who desire to obtain a good education at a reasonable cost.

This institution being a part of the public school system of the State, is free to all residents of Nevada.

Five Schools or Departments

Have been organized in the University.

1. The School of Mines and Mine Engineering.

2. The School of Agriculture.

3. The Normal School.

4. The Business Department.

5. The Academic Department.

The School of Mines and Mining Engineering.

Includes a thorough course of study in mathematics, natural science and the English language. Graduates of this school will receive the degree of Mining Engineer.

The School of Agriculture.

Includes the fundamental branches of mathematics, natural science, the English language and observations and experiments connected with the farm and garden. Students in this school will be given an opportunity to defray a portion of their expenses by working on the University farm.

The Normal School.

Includes the studies pursued in the elementary and high schools of Nevada, the history of education and the theory and practice of teaching. Graduates of the Normal school will receive certificates valid in any public school of the State.

The Business Department.

Includes the study of Arithmetic, book-keeping, commercial law, business forms and the English language.

The Academic Department.

Includes English, Latin, mathematics and natural science. Graduates of this department will receive the degree of Bachelor of Arts.

The University is equipped with a library, cabinet and physical laboratories. First-class facilities for chemical analysis and assaying are being provided.

Practice in reading, singing, declaiming, essay writing and public speaking is afforded by rhetorical exercises, conducted by the Professors and by the literary societies of the University.

Room rent and good board in respectable families can be had for less than \$25 per month. The next term of fifteen weeks will open

Wednesday, January 2, 1893.

## TOWN AND COUNTY.

## BREVITIES.

Go to Lange & Schmitt for skates.  
Supt. Sam Jones has returned to Gold Hill.

Go to Lange & Schmitt for window glass.  
Go to Lange & Schmitt for parlor stoves.

Fresh apple cider at the Palace saloon.

Nevada has nearly \$700,000 in Ler treasury.

J. L. Woods was down from the Comstock yesterday.

Henry Rule, of Pittsburg district, was in town yesterday.

Col. J. B. Moore, of Ruby Valley, was in town yesterday.

Bob Morrow was a passenger for the Comstock yesterday morning.

Tim Dempsey, at Carson, has one of the finest aquariums in the State.

There will be fifty new houses built in Reno next Spring and Summer.

The railroad company is about to put in a line crossing on Ralston street.

The assessment work on the old J. & K. claim, at Pyramid, is being done.

E. W. Crutcher has just brought a carload of thoroughbred cattle to Reno.

Ident. Gov. Davis left for Sacramento last night. He will return to-morrow.

Mixed paint, the best in the world, at Osburn & Shoemaker's.

Wall paper, from cheapest blanks to rich gold, at Osburn & Shoemaker's.

Sewing machines 30 per cent. cheaper than elsewhere at Osburn & Shoemaker's.

Rain is needed in Eastern Nevada, to insure good feed for the cattle next season.

The real estate market is active and hardly a day passes without one or two transfers.

Senator Foley came up from the Bay yesterday morning, and continued on to Virginia City.

J. W. Ferguson, of Churchill, wants to be one of the Committee Clerks of the State Senate.

The Stock board will adjourn next Monday night until the following Wednesday morning.

Richard Kirman is laid up at Virginia City with a severe attack of erysipelas but is being tenderly cared for.

The Verdi Mill Co. will soon be ready to supply its old and all new customers with lumber, doors, sash, blinds, boxes, etc.

R. H. Lindsay returned from the Bay yesterday morning. His little daughter Lucy has greatly improved in health.

A. C. Hall, for many years a resident of Reno and engaged in the sheep business, died at Denver Thursday afternoon, of pneumonia.

The Alameda County Sportsman's Club has leased of J. P. Jones a tract of 10,000 acres of Sonoma county marsh lands for a game preserve.

DeLesseps may not build the Panama canal, but Lemery & Howard will continue to spread just the regular first-class meals at the Palace restaurant.

C. M. Fassett, Chief Clerk of the Assembly at the last session, is an applicant for the same position this time. There is no better Clerk in the State.

The Reno Electric Light Co. are out in style with a brand new wagon, and also a fine harness. The horses is not new but Peek says it is a fast nag all the same.

J. A. Fitzgerald, of Reno, Sam Davis, of Carson, Frank Bishop, of Virginia, and E. L. Buckingham, of Dayton, are candidates for Sergeant-at-Arms of the State Senate.

Dr. Bronson, of Virginia City, has gone to the Bay, and intends to take a trip to the Sandwich Islands or South America as soon as he improves sufficiently to permit it.

The box sheet is now open at Nasby's for "Under the Laurels." The people may show their desire for a public library by purchasing tickets for this performance, which promises to be very interesting.

The attention of the public is called to an ad. under the head of New To-day, of the Parlor Dramatic Co., which will appear at McKissick's Opera House in the near future in the stirring play entitled "Under the Laurels."

A grand ball will be given by Nevada Lodge No. 7, Daughters of Rebekah, at Armory Hall, January 10, 1899, in conjunction with the following Old Fellow's Lodge: Washoe No. 8, Truckee No. 14, Reno No. 19 and Patriarch Militant No. 2, Rebekah to be in full uniform.

## PLUMAS COUNTY.

## Her Railroad and Timber Interests.

The following well written articles on the railroad and timber interests of Plumas county were prepared for Col. Hartzell's Quincy Real Estate Bulletin:

East of Big Meadows and at the head of what is called Pine creek, distant about 15 miles, is a point on the summit of the Sierra Range running through Plumas county, but 5,000 feet in elevation above the sea level. This is 1,600 feet lower than that over which the Central Pacific railroad operates its system. The advantages of this point as a railroad pass are being thoroughly canvassed by a large corps of surveyors that has been at work in the vicinity all the past Summer and is still engaged in its investigation. From Big Meadows down to the Sacramento Valley several routes present themselves, and much time is being spent in determining which is most practicable, keeping in view the immense timber belt here to become tributary to the road, and the high claim the region will have upon tourist travel. Anywhere through this section the enormous item of cost and maintenance of snowsheds will be almost entirely eliminated, if not quite. Another party of surveyors in the interest of the same road, are investigating the route from this pass northward in the direction of Idaho and Eastern Oregon. The work now being done might with equal probability be in the interest of the Chicago & Northwestern R. R. or the Union Pacific or Great Northern, but probably the latter. Both of these gigantic corporations have a line of road eventually destined to reach the Pacific coast. It is undoubtedly to this end that their surveys are now being made. The building of either road will hasten that of the other, and quite possibly a third. Plumas possesses in her mountain chain the most favorable passes for reaching the coast, and railroads are sure to enter her boundaries. That through the northern portion of the county is the most direct to the head of the great Sacramento valley, and offers no engineering difficulties that will defer a road bent on reaching the tide water of the Pacific. It will open up the widest range of natural resources and possess so many beauties not excelled elsewhere in the United States.

## TIMBER.

Plumas contains a vast territory of fine timber yet untouched. This is particularly to be said of the northern portion of the county bordering on the Butte, Tehama and Lassen county lines. The growth here of yellow and pitch pine, spruce, cedar, fir and sugar pine, the latter so valuable for house finishing, is especially magnificent. That the timber will at no distant day be cut for, is a fact needing no argument. The rapid growth of the State, the exportation of lumber and decreasing supply in the future readily accessible, must of necessity lead to the invasion of this new field. Its value was early recognized and large tracts were acquired and are now held by various syndicates and individuals. In the more remote regions there is yet some still vacant, but not long to remain thus. But a short interval will elapse ere advancing civilization will disturb the sylvan solitude.

## THE FUTURE.

The grand awakening that will accompany the advent of a railroad in this country is at once evident. Fine hotels will be built in her valleys to accommodate the throng of tourists and sportsmen. Her forests will abound with the ring of the axe and the hum of the circular saw. The mines will be worked with renewed vigor stimulated by their proprietors of new capital invested here. Progressive, energetic men will enter all branches of business. It will be the dawn of a new era. Plumas will take her deserved place as one of the leading counties of the State and maintain those living in her borders in peace and healthful plenty.

## The Train Robbery.

The train robbers have not been captured. The Sacramento Record-Union says it is now perfectly clear that the audacious robbery of an express car on the Central Pacific railroad on the mountain division Monday night was the work of men of daring who are familiar with the line of the road, especially of the heavy grade at the place where the robbery was effected, and with the usual methods of the express messengers in discharging their duties en route. The robbers were certainly riding upon the top of the car; they as certainly descended to the doors on either side near the respective ends of the car by rope ladders, and by seizing the right time when the messengers were separated nearly a car's length, were enabled to cover each of the young men with pistols held close to the temple, and simultaneously and so quickly, that they were unable to offer any resistance. The rope ladders have been found hidden not far from the scene of the robbery, and other evidences settle it beyond doubt that the men rode on the top of the car, descended its sides and effected an entrance under cover of deadly weapons, and having robbed the safe re-ascended to the roof of the car, drew up their ladders and at a convenient point from the platform made an easy leap to the ground and escaped. It was a daring robbery, and as officers are accustomed to speak of such "work," a very "neat job." It is such a bold and successful criminal "job" as to put detectives to a test of their mettle in bringing the perpetrators of the deed to the bar of justice.

## A Card of Thanks.

We, the members of the Baptist Church, take this means of expressing our gratitude to the firm of I. Fredrick, jewelers of Reno, for the fine eight day clock presented to the Baptist Church upon Christmas eve.

C. L. FISHER, Pastor.

## FINE MEAT.

## What Alfalfa and Egyptian Corn Will do for Beef.

The Sacramento Record-Union says: There perhaps is no State in the Union where better beef can be obtained the year round than in California. No other section of our country has green pastures the year round, and nowhere in the world can better beef be produced for so little money. The Heilbron Bros. of this city have been in the cattle business for over a quarter of a century and no firm is better posted on the best breeds for beef or have better facilities for producing the same. They had two carloads of cattle shipped to this city a few days since, for Christmas beef, from their celebrated "Wild Flower Stock Farm" in Fresno county. The cattle were all of the Hereford and Durham breed, these gentlemen having long since learned that thoroughbreds make the best meat. This meat has been hung up in the shop of Mohr & York at Eleventh and J streets, and in their own establishment, the "City Market," J, between Front and Second. Those who desire to see one of the finest meat displays ever made in this State should inspect these "Christmas shows."

At Mohr & York's is shown a Hereford calf six months old which dressed 520 pounds. Some of the yearlings dressed over 700 pounds. The Heilbron Bros. say they have learned that if you want good growth and choice beef you must feed for it. They feed their cattle on alfalfa and Egyptian corn, and get more and better beef at one year than can be obtained in three years on what is termed cattle ranges. This is a saving of two years' time and the extra cost is more than set off by producing three times as much meat. The beef is firm, tender, and cannot be excelled in any of its qualities.

## At the Granite.

The results of the American observations of the last transit of Venus, in 1882, have been tabulated and summarized by Professor Harkness. Ten stations of observation had been established in the United States, and 1,472 photographs of the transit had been taken. The mean of the results give the parallax as 8.847 minutes—that is, the mean distance of the earth from the sun is about 92,387,000 statute miles. Professor Newcomb had, twenty years ago, estimated the parallax at 8.818 minutes, and the American astronomers estimate the possible error at not more than 130,000 English miles. Still these scientific facts do not disturb Geo. Becker, at the Granite, who is always ready to supply his patrons with all kinds of lager beer and other liquors and cigars.

## A Deserving Candidate.

Ed. JOURNAL.—Elko county will present a candidate for Copyist at the next session of the Legislature that is in every manner deserving of the patronage of our law-makers. Miss Elsie Neal is a young lady of accomplishment as a copyist, and is deserving of the position to which she aspires. The young lady is ambitious to make her own way in the world, and not be a burden to those who have to lead a hard struggle in life. Give a vote for Elsie, and she will prove herself worthy in every respect of the kindness so extended to her.

## EASTERN NEVADA.

Elko, Dec. 20, 1898.

## To Observe the Eclipse.

General C. W. Irish and party will leave for Liegan this morning to take observations of the eclipse. His party consists of C. W. Friend, of Carson, Director of the State Weather Service, with a full set of instruments for observing time and the phases of the eclipse; L. E. Warner, Chief Engineer of the N. C. & O.; Prof. Wm. McN. Miller, of the University; James Moffat, Civil Engineer; Mrs. C. W. Irish; Mr. Butler, the photographer, and his assistant, S. Finlay.

## Coal, Coal, Coal.

Pleasant Valley coal is the best and cheapest fuel in the market. 3 tons of P. V. coal equals five tons Rocky Mountain coal, by actual test. No slate or clinkers. One ton P. V. coal equals 3 cords common pine wood. Give it a trial and be convinced. Leave orders with or enquire of Wm. Hopkins, Depot Hotel or coal house, or at Nasby's.

## Costumes for the Masquerade.

The Knights of Pythias have made arrangements for rooms 16 and 17 at the Depot Hotel to display their line of costumes for the ball. Mrs. Budden will have charge, and every courtesy will be shown. The rooms will be open to-day, and a fine line of costumes will be ready for inspection.

## Another Applicant.

Obas. Calvin is an applicant for the position of Messenger in the Senate. Charles served in that capacity in the Assembly two years ago and is familiar with the duties that will devolve upon him.

If your face is marked with blotches, And eruptions mar your skin, You may bet your bottom dollar There is something wrong within, 'Tis the blood. To purify it There is nothing half so good, As the G. M. D. is—try it! To be clearly understood

I will explain that G. M. D. means "Golden Medical Discovery" (Dr. Pierce's), the popular remedy for debility, languor, and weakness, impure blood, which, like scrofula, shows its presence in the system in blotches, eruptions, and pimples. Perfection is attained in Dr. Sage's Catarrh Remedy.

## Opera Burlesque.

There will be a crowded house Thursday evening, January 3d, to witness the performance of Miss Lydia Thompson and her English Burlesque Co. at McKissick's Opera House. This is the largest and most complete organization that has ever appeared here. The New York Morning Journal says:

When Lydia Thompson came bounding on to the stage at the Star Theatre last evening a welcome shout went up from the crowded house. The old-timers cheered her and the younger generation looked on in awe or caught the contagion of applause, for in swelling outline, grace and agility it was the same blonde old darling as ever.

"Who are you?" said the burlesque ruffian she had just knocked down. Ulysses replied, for that was her character:

"First, I was little golden-haired— Then life was young and fresh and fair, And when to womanhood I grew I was the Grueso you all know. My crew, so I have oft heard told, Did justice to their skipper—well, Once more be ore old friends I stand— For as an eager bridegroom wait, I longed to see your latest state. My hand is here; say will you bring Your hand with their accustomed ring To cheer me, help me, and assuage My tears on getting on the stage."

Lydia was at home and the burlesque went on. "Penelope" is of the old-fashioned English order, full of puns, fun and inconsequence; in which every girl and every man sings and dances, and a classical story that is forever interrupted by amusing "specialties" gets to a finish somehow.

Around Miss Lydia gyrated a number of bewitching young ladies, whose toilets, whether pure Greek, as they should be, or more modern, as a good many were, gave room for that personal display which is the attribute on which all burlesque young people apparently agree. New and fresh faces, and pretty figures most of them. Miss Alida J. Monroe, as "Penelope," Miss Florence Buckhardt, who has a nice sweet voice; Miss Millie Marion, as the inevitable Cupid, were all good. There was a startling contrast between the plump "Nevada" of Miss Lillie Allison and a blonde young person of the most extreme tenacity and freedom of limb, as has been our fortune to see. Miss May Bell Raymond made a very pretty "Arcton" among the suitors. There were four funny men, but the hit among them was made by Mr. Radcliffe.

## What Am I to Do?

The symptoms of biliousness are unhappily but too well-known. They differ in different individuals to some extent. A bilious man is seldom a breakfast eater. Too frequently, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furred it is rough at all events.

The digestive system is wholly out of order and diarrhea or constipation may be a symptom or the two may alternate. There are often hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this if not effect a cure try Green's August Flower, it costs but a trifle and thousands attest its efficacy.

## Dollar Meals for 25 Cents.

J. W. Killeen, proprietor of the Polard House, thankful for the patronage he has received during his two years' past residence in Reno, respectfully solicits the continuance of the same from his many kind friends and patrons.

In observance of this merry season of good cheer and good will to all men, Mr. Killeen will from now on, through joyous Christmas and on to the glad-some New Year, daily furnish a sumptuous dollar meal at his commodious hotel for the price of only 25 cents.

## Happiness and Health.

Are important problems, the former depending greatly on the latter. Everyone is familiar with the healthy properties of figs, and no one can afford to be sick and miserable while the pleasant California concentrated liquid fruit remedy Syrup of Figs, may be had of our enterprising druggists. Sold by Wm. Pinning, Reno.

## 250 Beautiful Lots For Sale!

A RARE CHANCE FOR INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

### RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition. The State Fair is always held at Reno.

Reno is the County Seat of Washoe County, the wealthiest county in Nevada.

### RENO!

Has 5,000 Population and is Growing Rapidly.

The Loveliest Town!

The Cleanest Town!

The Wealthiest Town!

The Healthiest Town!

### RENO

Is Supported by the Richest Farming Country of Nevada, Northern California and Southern Oregon.

### RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State, and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

### RENO!

Is the Railroad Center of Nevada.

### RENO

Is the Educational Center of Nevada.

### RENO

Is the Healthiest Town in Nevada.

### RENO

Is Great, and Alfalfa is

The Safest Investment
